### For the attention of new members:

The Club has recently undertaken the largest development project in our history, which saw the installation of an all-weather pitch and training area. This has significantly enhanced our overall facilities and is proving to be of great benefit, especially to the children in the Youth & Mini Section.

Our existing members and parents contributed significantly to funding the project and we are now reaching out to new members to also make a once-off voluntary contribution towards the development costs. Should be willing and can afford to, we are suggesting an amount of €50 per family. Through your generosity we will be able to continue our development and maintain our position as one of the leading clubs in the country, for the next generation of rugby players. Please disregard this if you have already made a contribution.

Please tick the box below if you wish to make a voluntary contribution:

☐ I would like to make a voluntary contribution of €50 in addition to the annual membership fee
